

REMARKS

The Applicant provides this Preliminary Amendment for the Examiner's consideration. The amendments to the claims are primarily directed at reformatting the claims into sets under independent claims, as opposed to the multiple-dependent claim-format used in the international application. As presented herein, there are now a total of 50 claims submitted for examination, of which three claims are independent claims.

Based upon the foregoing, Applicant believes that all pending claims are in condition for allowance and such disposition is respectfully requested. In the event that a telephone conversation would further prosecution and/or expedite allowance, the Examiner is invited to contact the undersigned.

Respectfully submitted,
